I pride myself on my time management skills to make sure my work is completed in a safe and timely manner. As well as that I have 10+ warehouse experience as a warehouse operative, team leader and drivers' mate, I have gained the knowledge and skills that can be used in many areas of the logistics sector and have been gaining new skills driving a different range of vehicles including Class 1 & 2 vehicles. I feel I work extremely well under pressure having excellent time management skills as well as being reliable, trustworthy and being alert at all times.
