## PROFESSIONAL SUMMARY

Currently holding a full UK category C licence, UK driver card and CPC card. Self employed UK wide courier. I am self-motivated, organised and capable of working under pressure. I enjoy responsibility and am keen to take on new challenges. In my previous roles I have proven myself to be trustworthy, competent and conscientious, as well as being a perceptive and friendly team player. I have had many roles throughout my career involving people management, manufacturing and meeting the public on a seller basis. Contributing throughout to many successful projects either working in a team or individually. Enthusiasm and confidence are key qualities I have gained and still hold and take into all my roles.

## WORK HISTORY
