SUMMARY

My career started out in the world of Industrial Packaging and Logistics as a Design Engineer, winning multiple industry awards and developing new business. I worked with companies like Toyota on behalf of one of the largest packaging companies in the world. I moved on in to sales and to eventually running my own company in various sectors of the Motor Industry. I have a keen interest in HGV's and have now obtained my Class 1 Licence.

EXPERIENCE

Self Employed - Director
Pure Class Motion Ltd 2017 - 2022

- Development of a start up company offering prestige wedding cars to new clients though out Nottinghamshire.
- Gaining a VIP operators licence for executive private hire, covering UK airports and special events.
- Designing Marketing material and attending exhibitions to showcase our services, and creating Social media content including short videos.
- Building unique packages including a full sized F1 Show car available for hire anywhere in the UK, plus a service to offer clients super car hire which we contracted out through other companies.

Self Employed - Director
Motor-Link UK Ltd 2008 - 2018

- Building a family run business Involving the buying and selling of prestige used cars, offering all dealership services including warranty, Part exchange and Finance.
- Gaining an FCA Licence to be able to offer Finance, adding extra margin to the sale of our vehicles.
- Ensuring the preparation of our vehicles were to the highest standard and that our adverts were top quality by taking excellent, detailed pictures of our cars.
- Maintaining meticulous accounts including VAT returns.
- We grew the business by purchasing a Repair workshop which involved employing staff and the day to day running of a busy garage.

Sales Executive
Inchcape Retail (Mercedes-Benz of Loughborough) 2007 - 2008

- Achieving monthly sales targets for New and Used car sales plus the sale of finance and warranty products
- Accurately appraising customers potential part exchanges in order to be able to offer a competitive price.
- Keeping up to date with product knowledge
- Maintaining a high level of professionalism and building excellent rapport with our customers to comfortably negotiate a deal.
- Using the databases to keep in touch with existing customers.
