Summary

Hard working, confident and dedicated individual who enjoys being involved with all aspects of customers care. I am an approachable person who will always go out of my way to meet individual needs. I work well as part of a team but equally can use my own initiative to work independently; work well under pressure and am always keen to develop new skills. Good time keeping and punctuality is of great importance to me.

Experience

Working for arjo

Bed technician / service technician

Delivery of beds from Luton to Queen

Elizabeth hospital kings lynn

Started Oct 2023 still here
