PERSONAL STATEMENT

Hi I'm Finton Luscombe, I am 23 years old and looking to further my career with a new and exciting route of being a hgv driver! Due to my previous employment I have learnt a lot which I will bring on board to my new career.

I'm a fun, intelligent young lad who has the want to be the best I can at any challenges which I may face. I'm happy to take on any challenges and will strive to overcome them!

I believe myself to be a Management professional with history of meeting challenges in complex organizations that rely on collaborative skills to contribute to company growth and success. Proven track record of delivering results in fast-paced environments that have pockets of ambiguity. Stellar command with delivering results, win-win outcomes, and navigating cross-functional teams.

WORK HISTORY

January 2020 - current

Company Director

Lusco building and renovations Ltd , Wainscott , Kent

I assisted professional engineers in setting out of work for civil projects in the respects of surveying grounds and layouts, for the construction and insulation of amenity services and ground constructions. The projects that I assisted were varied from simple pathways to a 125 space, 2 level car parks. Other duties included working as a site labour on a project that included building a foot pathway on a new housing estate. As well as the construction of internal commercial facilities such as commercial strip outs and refits to include spaces for new developments of washrooms and kitchens. Our company covers all aspects of building works. There's isn't a job we will not complete to the highest standard.

- Followed experienced team members to learn basic and advanced job skills.
- Stayed collected and calm during difficult situations and interactions.
- Collaborated in team setting to handle daily assignments and challenges.
- Helped clients feel welcome by conversing warmly and professionally answering questions.
- Collected required materials, tools and supplies to complete work.
- Worked well with team members to complete tasks.
- Accomplished tasks with enthusiasm and skills in time management.
- Attended quickly to emergencies and helped resolve concerns.
- Handled team filing, data entry and recordkeeping.
- Operated equipment following correct procedures and safe practices.
- Answered calls promptly and delivered faultless service for diverse needs.

- Problem-solving
- Creativity and innovation
- Team management

- Interacted professional with guests, staff and general public.
- Adhered to policies and procedures for smooth daily operations.
- Met high-volume demands with enthusiasm and quality service and support.

January 2018 - January 2020
