As a highly motivated professional, I bring a diverse skill set and a commitment to excellence in every task. With a proven ability to adapt to challenges and a passion for continuous learning, I am poised to make valuable contributions to any team or project. My strong communication and interpersonal skills, coupled with a results-oriented mindset, make me a versatile asset. I am eager to bring my enthusiasm and dedication to a dynamic work environment, where I can contribute to both personal and organizational growth. I am a fast learner and keen to learning on the job. I gain and learn new skill attributes quickly.

I do have a CSCS card but unfortunately it ran out in September 2023.

Work Experience

Down to my discretion

Academics Ltd-Doncaster

September 2024 to Present

At Academics you're on a full time contract, however you have the choice to work on a self employed basis. You speak to a member of the team and express what you want to do. You have a free range in what to do from Teaching, cover supervising to being a Learning support Assistant or even a Caretaker. All you have to do is speak to the team and they will offer you places at where academy's need you.

Since September I have been a Caretaker at Rossington All Saints Academy where I use to be a Teaching assistant. The role involves maintaining the academy to an outstanding level so it is a good experience for the staff and children in the building. The role involves working during dinner time making sure that all areas are clean and to standard, to making sure all deliveries are distributed to all areas. It is a practical job and always keeping you fit with roughly on average doing 18000 a shift.

Rigger/Erector

Trans-Sport.tv Limited

May 2024 to September 2024

Loading/off loading trucks. Erecting truss for sporting events. PDC, Matchroom, Antiques Roadshow.

Teaching Assistant

Rossington All saints Academ-Doncaster

April 2020 to May 2024

When I first started working for Rossington All Saints I didn't know what to expect. I went in to the work place with a positive attitude. With this being my old secondary school I knew the facilities really well.

I thought I'd be a great team member as I have a really positive attitude and it brings out the best in everyone around me. I work with SEN children that need that little bit more support during lessons. The main area I work with them is in the PE department. I've have plenty of experience whilst currently working at the Academy. First of I became a form tutor. I didn't know what to expect but as a hard worker i am I just got on with this and made sure everything was in place correctly. Ever since working at the Academy I have helped in many enrichment clubs from helping after school with enrichment in PE to running football fixtures against other Academies to going away to Leeds to Manage students in the English schools football cup. I'm still currently working at the academy. Do not have a QTS, however started Open University studying Sports,Fitness and Coaching.

Lift Engineer

Lifts UK-Retford

August 2018 to March 2020

I worked as a lift engineer fitters mate for just under 2 years. I have experience lifting heavy metals fitting them onto a lift structure. I felt more confident fitting the structure than the electrical work however. This was due to not being trained properly. However I am a hard worker and willing to stay away as this work did require a lot of staying away. I have drove vans (LWB/SWB) as well all over the country. Power tools used such as drills, small grinder etc.

I do own a CSCS card however it ran out in September 2023.

PE Apprentice

Active Fusion-Doncaster

September 2017 to July 2018

I worked as a Pe apprentice for 1 year working towards 2 qualifications. The first one was a Level 3 NVQ Diploma in supporting the delivery of Physical education and school sport. The second qualification was a Level 3 Award in employment awareness in Active leisure and learning. This was a great experience for me and made me gain knowledge of sports that I have never taught before such as football, Handball, Basketball and many more sports. I gained skills such as planning and delivering lessons. Communication skills were developed and the more I planned and delivered the more confident I become.

Building delivery vans

Gray and Adams-Doncaster

June 2016 to September 2016

2016 - I worked at a place called Gray and Adams in Doncaster from June to September. What I did was putting a great amount of racking and drilled a variety of holes each day. This made me very busy throughout each day. I did this for the 6-8 weeks whilst I was off school which gave me some money but also to me active.

Education

D in GCSE Spaish

Rossington All Saints Academy - Doncaster

2013 to 2015

Pass (BTEC) in ICT

Awards

Leadership academy

May 2016

I worked with younger children that don't participate in sport outside of school. The leadership academy is where you go down to primary schools and teach children at the age of 8-11 games and new skills that they can develop. I received this award because i was the best overall according to the teachers, i was determined, i was ready for a challenge when given at me and i was always on time.

Level 3 Award in Employment Awareness in Active leisure and Learning

October 2018

1st4sport Qualification
