Full driving license

2 Abbeyleigh Heights
Newtownards
Down
BT23 8AD

PROFESSIONAL SUMMARY

I am a decently experienced driver for my age having a full clean license with almost 3 years no claims, I have been driving as a CDD for Tesco for 2 years now which requires me to have my head screwed on 24/7 as out on the roads can be dangerous when lack of concentration comes into play and not by me but by other drivers. I have to use my own initiative making sure I fully try everything to my best capabilities before looking for any help. I have great customer service face to face and also having conversation on the phone to customers ensuring I provide excellent customer service and keeping my professionalism. Working in retail over the last 4 - 5 years has seriously helped me with day-to-day tasks that are thrown at me. I was also working as an apprentice in a motor vehicle industry mostly working on cars, vans and sometimes HGV's.

WORK HISTORY
