Work experience

Delamere Motors Limited

June 2016 — July 2018

Panel Beater

During my time at Delamere motors I learned the basics of panel beating as well as some strip fitting and prep work. I learnt the basics of automotive repair.

Furrows (Ford)

July 2018 — August 2020

Multi Skill Panel Technician

Whilst at furrows I learnt in more detail how to repair vehicles to the manufacturers specifications and also more of the MET side of the trade such as; Intercoolers, Radiators, brakes and some suspension work.

I also undertook a Level 3 Multi Skill Panel Technicians course at Nottingham College alongside work I also did training at the KIA Academy in Nottingham. I then went on to learn Front Panel replacements as well as complete strip down of doors, boots, and bonnets and replacing all parts from the damaged panel onto a replacement panel.

I also progressed in my filler work and learnt priming and some aspects of paint.

Cazoo

August 2020 — Present

Refurbishment Technician

I am currently working as a refurbishment Technician at Cazoo where the Majority of the time I strip and Refit Vehicles ready for the next stage of the refurbishment process.

Qualifications

7 GCSE's Including English Maths Science etc
