JAMES SKINNER

HGV Driver

I have had my class 1 for the past 2 years and recently just got my ADR in July. I have no issues with working overtime or staying out in the truck. I am a willing and motivated person keen to learn as my career grows. For the past few months I've been working in Kirkcaldy driving class 1 from runs down near new castle to runs north like Tongue, I have been working 50-60 hours a week. I am looking for opportunities close to home as i am currently travelling 550 miles a week for work.
