PERSONAL PROFILE

I am currently employed as a Refuse Collector with Glasgow City Council and am now looking for a new challenge. The reason I am seeking a new challenge is that I find that the role offered excites me and could offer more than I get from my current position. I've been able to learn a huge amount during my time with Glasgow City Council and have gone from being employed by an agency to now being employed full time with Glasgow City Council giving me more stability. However, I feel that I have gone as far as I can in my current role and the role you are advertising has a lot of opportunity for me to showcase my skills set. I can work on my own initiative and as part of a team supporting colleagues to meet targets and deadlines. I have good knowledge of Health & Safety in the workplace adhering to all company regulations and procedures. I am punctual, motivated and can work in busy environments producing high standard of work. I have an active and dynamic approach to work and getting things done and am always looking to better myself and my professional skills
