PERSONAL PROFILE

I am a keen and enthusiastic person who enjoys a challenge. I work well as part of a team and under my own initiative, always willing to learn new skills to improve my knowledge and to help carry out my role effectively. I have excessive knowledge of drivers legislation and rules, and have experience in many areas of transportation/delivery. I have worked as a tramper and driver for over 20 years and now as a Heavy Recovery Technician. I am currently in the final for the DAF Driver Challenge, final taking place later this month. I completed the regional heat earlier this year.
