### EMPLOYMENT HISTORY

#### Factory Operative.-24th October 2005-Present

Work at "Boardlink Ltd", the manufacture of Carton Board Sheeting, Laminating, Paper Plates, Ready Meal Trays and Industrial Wipes.

I work in the baler and packing line area operating three machines.

-My duties are ensuring that two automatic balers are running smoothly making sure all the waste from all of the production machines that is producing board trim going through the ducting to the balers, keeping a look out for any blockages above the balers and if necessary clear the blockage to avoid all of the machines shutting down.

-Responsible for all bales to be fully compact by placing wires around them.

-Operate a counterbalance forklift truck regularly and carry out tasks such as stacking bales, collecting lap, core stillages, underliner waste, baskets of trimmed board to the waste segregation area, scan ready and finished goods before i take them to the dispatch area and finally unload and load wagons such as new pallets coming in, where as getting rid of scrap pallets and loading all the waste, including recyclables once or twice a day.

#### Production Operative/Packer 18th January 2005-29th August 2005.

Worked with an agency called "Gap Personnel" and worked in four various factories doing shift work.

-Working with others operating machinery, making sure the correct raw materials were used, working as a team to produce good quality products and being vigilant with any quality issues.
