Newly qualified in class 1 with three year's experience in driving class 2 vehicles, I am well-versed in executing deliveries to customers and stores in a prompt manner. I am a conscientious, hardworking individual with a BSc in Electronic Engineering from Bangor University, recently gaining my Class 1 licence in May 2025. I have had my class 2 licence for 3 years of which I have full driving experience of class 2 within this time. I have 10 years experience of driving including commercial driving, driving minibus, delivering good, and transporting patients and residents. I work well individually and as part of a team, and I acquire excellent problem-solving skills. I enjoy setting myself aims and objectives, and I am very organised, with a proven ability to plan and prioritise work to meet targets while maintaining quality and remaining flexible. I successfully meet deadlines, have good interpersonal communication skills, and am well-experienced in picking, loading, and unloading vehicles. I have an up-to-date CPC qualification and always maintain high customer service standards.
