

Started working  
at Thorntons  
1997 as a  
production  
operative,  
working on belts  
packing  
chocolates, then  
learnt to maintain

and fix the  
machines, also  
learnt to use a  
pump truck to  
move pallets and  
finished goods  
into locations. In  
2008 passed my  
hgv class 2 and

started to drive  
for thorntons  
delivering to retail  
shops and also  
had  
responsibilities of  
being key holders  
and letting  
ourselves into

shops while no1  
was there early in  
a morning,  
delivering  
products which  
meant carrying  
the goods  
upstairs or  
downstairs

wherever they  
needed the stock,  
had knowledge  
on how to use a  
tail lift as well on  
the trucks. In  
2021 I passed my  
hgv class 1 so  
have had 2 years

experience on  
them delivering  
to rdc's on nights  
which I really  
enjoyed doing.
