

## PERSONAL PROFILE

An effective team player who is able to quickly build rapport with new and existing clients, colleagues and management. Willing to adhere to flexible working hours and contribute to the objectives of the team and wider organization. Committed to my own continuous personal and professional development and happy to undertake training as required.

# Scott Fergie

A highly motivated and driven individual who has recently undertaken improvement works across the national network of railway overhead structure. I am currently seeking out new skills in the form of a life long career with secure employment prospects.
